

Natural Science Center Field Trip Request Form 2010

Guilford County Public Schools

How to schedule:

- 1) Please choose from the shows listed by grade level (see reverse side). You will need to arrange your own transportation.
- 2) You may schedule up to 2 presentations (only 1 for Kindergarten). It is not required that you schedule both presentations on the same visit.
- 3) Presentations should be scheduled for two or three classes together (please plan and schedule your trips cooperatively). Most presentations can easily accommodate groups up to 75. ***Be sure to include all adults when indicating numbers of participants.***
- 4) Fully complete every line on the form and use the "Comments" section for any special instructions, such as: "We would like to come the same week as Ms. Smith and Ms. Jones if possible."
- 5) **Please make your transportation arrangements as soon as you receive your confirmation.**
- 6) The "except" line is used to eliminate any days during the week that field trips cannot be taken, such as school picture days or special assemblies, etc.
- 7) Please, no calls until *after* September 24. Mail your form to: Natural Science Center Education Dept., 4301 Lawndale Dr., Greensboro, NC 27455, e-mail to tcooke@natsci.org, or fax 288-2531. Requests will be processed in the order they are received. Availability is limited and a prompt reply helps ensure that you will receive dates requested. **All forms should be received by September 24.** *After that date* you may call 288-3769 ext. 315 to schedule (understanding that your desired dates may be filled). Email questions to: tcooke@natsci.org.

School name

Contact name, phone, cell phone (optional)
