

Nature Tots

The Natural Science Center of Greensboro

Spring 2009

Welcome to Nature Tots, where kids and parents can get messy, have fun and learn about science! So, put on your play clothes and gym shoes and let's have FUN!

Miss Laura

Feb. 4-5 - The Mitten

Put on your mittens and come listen to the Jan Brett classic "The Mitten". Meet some of the animals from the book.

Feb. 11-12 - Snowflakes

Learn about snowflakes. Dress warmly and wear your gloves. We will be making snow!

Feb. 18-19 - Sea Fest is Coming!

Get a preview of the interesting creatures we will have at Sea Fest Feb. 21st.

Feb. 25-26 - MESSY COLOR DAY

Come and finger paint with Miss Laura and get messy! Learn about colors while having fun.

Mar. 4-5 - Winter Animals

Take a tour of the winter maze before it leaves and learn about the animals of winter. Animals still are looking for food so we will make some birdfeeders to take home.

Mar. 11-12 - Lizards and Snakes

Let's get down with the reptiles. Learn about the snakes, turtles and lizards in the reptile room.

Mar. 18-19 - Dinosaur Maze

Let's go check out the new maze in the great hall. We will learn about dinosaurs and tour the dinosaur room too.

Mar. 25-26 - Science of Music

We will make fun and silly instruments out of recycled materials and perform some songs.

Apr. 1-2 - Bug Olympics

They are creepy and crawly but how fast can they move? Let's put bugs (and kids) to the test. May the best bug win.

Apr. 8-9 - Bubbles

Spring is here! Let's go outside and have some fun with bubbles.
