# Reptiles & Amphibians

Program Length: Approximately 45 minutes

## Science Presentations

The Science Presentation you have scheduled is designed to help illustrate the science concepts taught in the classroom and to stimulate student interest in the subject matter.

## Program Outline

- 1) Characteristics of amphibians
- 2) Common amphibians – frogs, toads, salamanders
- 3) Life cycle of amphibians
- 4) Characteristics of reptiles
- 5) Different types of reptiles – snakes, lizards, turtles, alligators, and crocodiles

## Program Objective

To introduce students to familiar reptiles and amphibians and to help them understand the characteristics of each.

## Vocabulary

amphibian	reptile	scales	fangs
salamander	shedding	venom	gills
cold-blooded	tadpole	lungs
